Product Rental Information

Rental Period

For a one day rental rate you are welcome to pick up your items the day before your event any time after 12:00 pm and return them the day after your special event any time before 12:00 pm. Long-term rentals can be quoted upon request.

Dinnerware, Flatware & Glassware

All the above items are sent out carefully cleaned, counted and wrapped. In turn, they must be returned clean and in their original containers to avoid extra charges. Shortages or breakage (including chips) will be charged to the customer at replacement cost. Please report any shortages immediately upon receipt of items. An additional day of rent will be charged for dishes or flatware that are returned dirty.

Linens

We primarily sub-rent our table linens to assure you get exactly what you're looking for. To do this, you will need to place your linen order with us at least ten days in advance from the date of your event. In case you miss this ten-day mark, we do have a small selection of linens on hand in the store, so don't fret! Linens must be returned dry and free of food waste. If stains cannot be removed or if there is obvious damage, the renter will be charged the replacement cost of the linen.

Delivery Service

Delivery rate depends on the location where you want your order delivered. Delivery service is to the door at street level. Additional charges will incur for anything other than street level, or long- distance areas not easily accessible to our delivery trucks. Set up and take down is also an added charge. All equipment is to be stacked and ready for pick up in the drop off area at the agreed time.

Deposit

A 15% deposit is required to secure any reservation. The full rental fee is due at the time of the rental.
